Sharing the Gospel – Family Mission Plan

Family Name: _____

As we love the Lord our God with all our hearts, might, mind and strength, He will lead us and bring others into our paths to love, serve, and share the precious truths we have received with them. Just sharing our happiness, our love, and the light of the Gospel in natural ways will invite the Holy Ghost to touch and reach those he brings into our paths.

As a family watch the following videos (lds.org) together and write down the impressions that come to your mind. Discuss and share your feelings and thoughts together.
